993 CARES Alert - PARIS Interstate Match

Second Tier Codes:

When the second tier of the 993 alert is accessed, the top half displays current CARES information (i.e. name, date of birth, IRN, SSN, address, benefits received). The bottom half displays the information received from the Interstate Match. The information provided is State Name, Customer Name, Date of Birth, SSN, City, State, and Zip Code. In addition, the state may provide a case number and begin and end dates for the benefits the customer is/was receiving in their state.

The Case Manager, upon receipt of the alert, must review the information provided on the second tier and compare it to the information in the CARES record. If the information was already known, verified that the benefits are no longer active in another state, and documented in the CARES narration, disposition the alert using the PARIS disposition codes.

If the information is not known to CARES, request proof of closing from the customer and/or contact the reporting state to determine whether or not the case is still active. If there is an end date listed on the alert for the other state, the information must still be verified as this field is not standardized and may not contain the most current data. For example, some states enter the most complete certification period in the begin and end dates but do not capture the current certification period.

Florida and Pennsylvania have provided a list of contacts for their state and those lists are available under the PARIS option on FIPNET. If a state contact is needed for another state, please contact Joyce Westbrook at 410-238-1299 or jwestbro@dhr.state.md.us providing the state needed and the customer's CARES IRN. She will either provide contact information to you or contact the state to obtain the necessary information.

994 CARES Alert - PARIS VA Match

Second Tier Codes:

When the second tier of the 994 alert is accessed, the top half displays current CARES information (i.e. name, date of birth, IRN, SSN, address, benefits received). The bottom half displays the information received from the Veterans Match. The demographic information provided is Veteran's Name, Veteran's SSN, Spouse's SSN, Payee Name, Payee SSN, and Address. The benefit information provided is Payee Number (see attachment for code definitions), Record Type (see attachment for code definitions), Recent Award Date, and Recent Award Amount.

The Case Manager, upon receipt of the alert, must review the information provided on the second tier and compare it to the information in the CARES record. If the income is already known and documented in CARES, make sure the proper income type code VA is recorded on the UINC screen. If properly coded as VA, future alerts will not be generated.

If the income is not known to CARES, contact the customer to obtain verification. The customer must provide the documentation from Veterans Affairs. Some customers have a VA claim for benefits, but are receiving zero payment for failure to file an Income Questionnaire, Failure to Furnish Requested Evidence, Failure to Report for Physical Examination or Whereabouts Unknown. By contacting Veterans Affairs, the customer may be able to resolve the situation and have their benefits reinstated. In addition, some VA recipients, spouses, and dependents may be eligible to receive medical coverage through CHAMPVA, TRICARE or Veteran's Health Care which may include aid and attendance to help pay for long term care, housebound allowance, and/or medical expenses.

If the customer is unable to verify VA benefits, the case manager may fax a request to the Veterans Administration at 410-230-4542. The verification request must include the veterans full name, date of birth, social security number, and a signed consent form.

995 CARES Alert – PARIS Federal Match

Second Tier Codes:

When the second tier of the 995 alert is accessed, the top half displays current CARES information (i.e. name, date of birth, IRN, SSN, address, benefits received). The bottom half displays the information received from the Federal Match. The demographic information provided is Name, Date of Birth, SSN, and Address. The benefit information provided is Benefit Type, Category Code, Agency, Pay Plan, Pay Status, Pay Grade, Pay Step, Gross Pay, Fed Taxable Wages, Pay End Date, and Retirement Pay Effective Date.

Upon receipt of the alert, the Case Manager must review the information provided on the second tier and compare it to the information in the CARES record. If the income from the alert is already known and documented in CARES, review the CARES coding to make sure it is correct. Code federal pension income as FP on the UINC screen to avoid an alert being generated in the future.

If the income is new information, contact the customer to obtain verification. Allow the customer a minimum of 10 days to return required verification that the Case Manager does not have access to through other means. Do not take any action on the case until the customer has been allowed adequate time to obtain and submit the verification. Allow 10 days adverse action time before reducing or closing the case.

In addition to income, certain recipients of federal income may be eligible for or already receive health benefits. Active duty service members, their spouses, and unmarried children and uniformed service retirees, their spouses, and unmarried children are eligible for TRICARE benefits. If a customer is receiving TRICARE benefits and active in medical assistance, the TPL (Third Party Liability) screen must be completed with the TRICARE information. Customers who are employed by or have retired from the Federal government (non-military) also may be eligible for health benefits under the Federal Health Benefits Employee Program. The customer must verify whether or not they receive health benefits and if so, this information must be entered on the TPL screen.

If the customer is unable to verify civil service retirement, the case manager may contact the following Federal Office of Personal Management:

Ms. Laverne Washington,
U.S. Office of Personnel Management
Phone: 202-606-0246
E-mail: Laverne.Washington@opm.gov

Please note that the Federal contact should only be contacted after reasonable and diligent efforts have been taken to verify the information.
