

SUCCESSSES & FAILURES IN U.S. TOBACCO CONTROL: IMPLICATIONS FOR GLOBAL HEALTH

February 11th 5:00-7:00 pm
Law School Room 460

Panelists:

- *Dilyara Barzani, MD, MPH, Senior Health Advisor, Ministry of Health, Kurdistan Regional Government*
- *Chris Bostic, JD, MSFS, School of Law*
- *Kevin S. Ferentz, MD, School of Medicine*
- *Shiraz Mishra, MD, PhD, School of Medicine*
- *Carla Storr, ScD, MPH, School of Nursing*

A panel of multidisciplinary professionals will share their experiences and perspectives in policy, research, education, and public health for tobacco control. Discussion will focus on lessons learned domestically and possible approaches for global populations.
