

CREDIT/NO CREDIT ELECTIVE COURSE SELECTION FORM

Fall 2011

The normal period for selecting a course to be taken Credit/No Credit is the first two weeks of the semester. Extensions to this deadline will be considered. Elective courses not eligible for the Credit/No Credit option are noted below and on the curriculum.

Subject to the right of the person teaching the course to require that all students take the course on a graded basis, a student may elect to take a course, other than a required course, on a credit/no credit basis, but only for one course on one occasion during the student's law career. An instructor who wishes to require that all students take the course on a graded basis must notify the Acting Director of Registration & Enrollment of this requirement in time for it to be inserted into the registration materials for the semester in which the course is to be offered. A student who wishes to elect to take a course on a credit/no credit basis must file his or her election with the Acting Director of Registration and Enrollment prior to submitting work for a grade or sitting for an exam (this does not apply to class participation in a course where it comprises a portion of the student's grade). A student who properly elects to take a course on a credit/no credit basis will receive "credit" for the course if his or her grade in the course is at least C- (1.67); otherwise, he or she will receive "no credit" for the course. However, a student who properly elects to take a course on a credit/no credit basis and who receives a grade below C- in the course will be so notified and then can elect, in the time and manner prescribed by the Acting Director of Registration & Enrollment, to take the grade in the course instead of the "no credit."

The grade CR (credit) or NC (no credit) as the case may be, will be recorded on the student's academic record. Neither grade will have an impact on the cumulative grade point average, but only the CR grade will cause credits to be earned toward degree requirements. Once the CR/NC election has been made and work to be graded has been submitted, the election cannot be retracted. Although students may be informed of the earned grade, only the CR/NC grade will be reported.

By initialing here _____ I elect to waive this selection, regardless of when the course is taken, if this selection will prevent my graduation.

SEMESTER: _____ DATE: _____

COURSE: _____ INSTRUCTOR: _____

STUDENT NAME: _____ MAILBOX #: _____ YEAR/DIVISION: _____
