Note: If your undergraduate institution used Eduroam, you will have to "Forget" the network by **right clicking** Eduroam from the list of wireless networks and click **"Forget"**

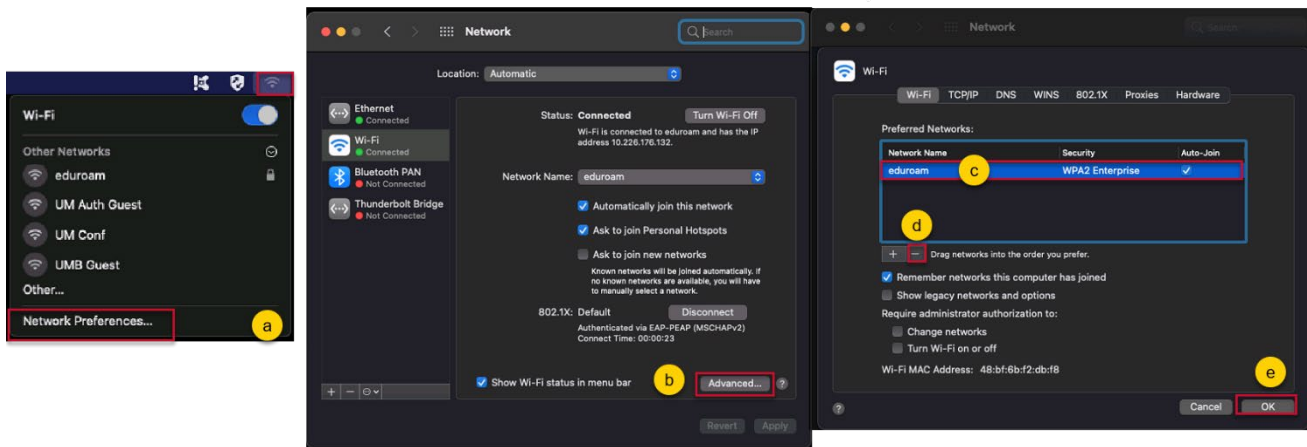

Connecting to UMB Eduroam (Windows 10):

1.) Connect your laptop or other device to the wireless network named "**Eduroam**".
2.) When prompted for your username/password, use your full @umaryland email address & password
3.) When prompted to continue connecting, click continue. This will install UMB's Eduroam certificate on your laptop.

4.) You are now connected to the internet.

Please email the IT Team (help@law.umaryland.edu) or call us at 410-706-5771 if you have any issues connecting to Eduroam
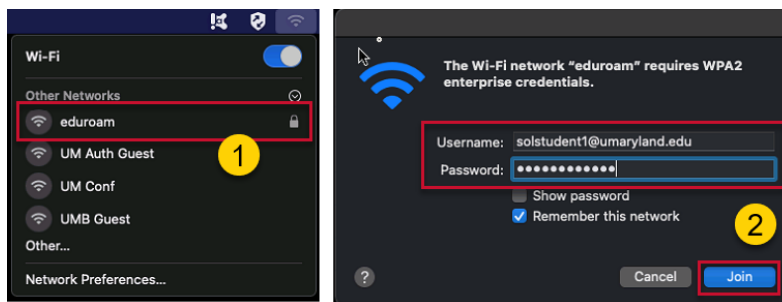

Note: If your undergraduate institution used Eduroam, you will have to "Forget" the network by opening **"Network Preferences"** and clicking **"Advanced"** and removing Eduroam by clicking the **"-"**.

Connecting to UMB Eduroam (macOS):

1.) Select Eduroam network from the list of available wireless networks

2.) Enter your full @umaryland email/address password. Click **"Join"**

3.) Click **"Continue"** to accept UMB's certificate.

4.) If prompted, enter your admin credentials to install the UMB certificate on your laptop.

5.) **You're connected to Eduroam**
